Value Statement by Managing Director & CEO

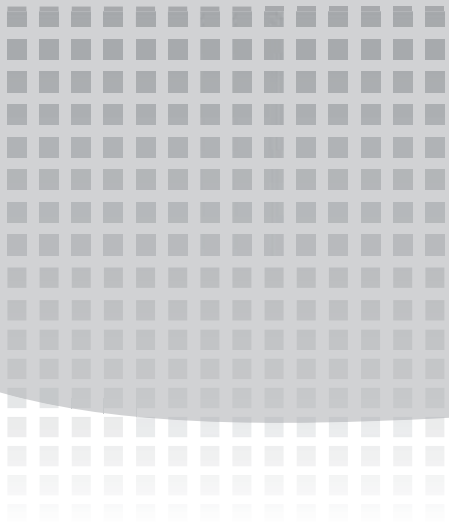

R N Agarwal
Chairman, Managing Director & CEO

Dear Shareholders,

It gives me immense pleasure to communicate and share my views with you amidst promising financial reports by your Company.

For the year 2010-11, income of the Company posted a 24.03% increase over the previous year while profit after tax rose to 5.98% on net sales. It was another successful year for your Company.

In India only about 20% waste paper is being currently recovered annually. Low recovery is on account of alternate use of paper in wrapping, packing etc. Lack of source segregation results in waste paper getting contaminated and becoming unusable. In comparison in developed countries the percentage of recovery of waste paper is very high. For instance in Germany it is 73%, Sweden 69%, Japan 60%, Western Europe 56%, USA 49% and Italy 45%.

As we believe “WASTE IS A TAX ON THE WHOLE PEOPLE”, at NRAIL we use 100% recycled waste paper which enable us to contribute to the environment. Your Company has set up 350 TPD Writing Printing / Newsprint / Kraft Paper project at a project cost of ₹ 260 Crores. The project has been set up at Sarigam near Vapi and is likely to be completed in the year 2011-12.

With the proven track record of more than 30 years in the paper industry, the new project of N R Agarwal Industries Limited will be the lowest cost paper manufacturer equipped with the best recycling technology in the world. Your Company has struggled to adhere to its long term strategies. There has nevertheless been need to reschedule and reprioritize investment strategies in consonance with market conditions during this period. The Company's philosophy is to achieve long term value to serve in the best interest of all stakeholders-shareholders, customers, employees, government and the society at large.

As shareholders, you have always appreciated the role of the employees of your Company in its growth and consistent profitability over the years. Their commitment, dedication and sense of belonging have contributed immensely to the growth and strength of your Company.

ANNEXURE - I

INFORMATION REQUIRED UNDER SECTION 217(1)(e) READ WITH THE COMPANIES (DISCLOSURE OF PARTICULARS IN THE REPORT OF BOARD OF DIRECTORS) RULES, 1988, AND FORMING PART OF THE DIRECTORS' REPORT FOR THE YEAR ENDED MARCH 31, 2011.

I) CONSERVATION OF ENERGY

ENERGY CONSERVATION MEASURE TAKEN IN NEWSPRINT/ KRAFT UNIT AND DUPLEX COATED PAPER BOARD UNITS

A) Newsprint/Kraft manufacturing unit

- 1) As Indian newsprint market is bad presently therefore management has decided to produce the Kraft paper from its Unit II and done the required modification for Kraft paper manufacturing and started the production from March 2011.
- 2) During this modification, total steam and condensate system has revived for achieving the best results. And after this modification a significant steam saving has achieved up to 1.55 tons steam per ton of paper as well as better condensate recovery has also achieved which will help directly in fuel saving in our boiler of co-generation captive power plant which resulted in saving heat energy.
- 3) After switching over on Kraft paper manufacturing we are recycling 100% water and maintaining the zero discharge, hence, we are saving the precious water.
- 4) Some old inefficient electrical motors has replaced with energy efficient motors for achieving as lowest as possible power consumption per ton of paper. We also replaced old motors with inverter duty motors which were connected with VFDs, resulting we are achieving minimum break down which helps to save the electrical and heat energy in our process.

The Power and steam consumption has considerably improved as compared to the previous norms or as compared to the previous consumption and the present norms are better. This improvement will continue in future by

adopting newly introduced technology in this field. Today, we have the capability to produce the Kraft Paper.

B) Duplex coated paperboard units

- 1) We have improved our ETP section and we are recycling of more used water which helps not only in reducing the usage of water but also to maintain the statutory norms of the drainage water for a healthy environmental condition.
- 2) We have put plastic waste boiling machines in our all units for not only the better handling of our plastic waste but transportation also.
- 3) Further to slash and optimize the steam and electrical power consumption, it has decided to improve the overall production and done the necessary modifications in units III and IV.
- 4) Old hood has replaced with new one latest technology based SONAR make hood for improving the drying capacity after coating section. We also re-aligned the gap between paper and hot air slice for effective dryness.
- 5) We have replaced paper mould suction blowers for removing the water from mould efficiently which helps to increase the machine speed.
- 6) Whole steam and condensate system has modified for improving the drying capacity as well as condensate recovery.
- 7) After putting above stated equipments and conceptual efforts, paper production has increased considerably. Resulted steam and power consumption has come down.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

INDUSTRY STRUCTURE AND DEVELOPMENTS

The Paper Industry in India is witnessing significant growth and capacity expansions to meet the growing demand for paper consumption as a result of growth in education sector and increasing literacy rate. Increased economic activity is providing the players an opportunity for growth and expansion. Over the centuries, paper has been one of the “unsung” drivers of world development, and remains an essential ingredient of homes, factories, offices and schools.

After liberalization in the late nineties, the paper industry in India became a government priority sector for foreign collaboration, with flexi loans and several fiscal incentives put in place. The country is almost self-sufficient in manufacture of most varieties of paper but performance of the industry has been constrained due to high cost of production caused by inadequate availability and high cost of raw materials, power cost and concentration of mills in one particular area. Several policy measures have been initiated in recent years to remove these bottlenecks.

The Indian Paper Industry is among the top 15 global players today, with an output of more than 6 millions tones annually with an estimated turnover of ₹ 150,000 Millions. (Approx. USD 3400 million). The Indian Economy is progressing well and targeting 8%+ growth. The economic reforms coupled with the liberalized Government Policies, India today offers excellent business opportunity for investments. One of the first FDI Projects may come through the proposed Finnish Proposal to set up a 400000 TPA capacity plant with an investment of US \$ 240 million.

There is a vast range of opportunities available, some more specialized than others. Overall industry prospects are good. Many companies have added capacities, most of which became operational in the last calendar year. Lot of capacity addition has been done, both in the organized and unorganized sector. There is an overhang of extra supply that will get absorbed in the next year.

India is self-sufficient to manufacture most varieties of paper and paperboards. Newsprint and Publication paper account for 2 million tons of which 1.2 million tons is manufactured in India and remaining 0.8 million tons is imported. India also has surplus to export some grades. It exports A4 copiers, wood-free (mostly from bamboo and agro waste by several small mills), MG varieties (from small agro based mills), coated duplex (mostly recycled fibre) and large quantity of converted products like stationery items, calendars, books, magazines, children’s play books and comics to Middle East, South Eastern Countries, Eastern Europe and USA and the prime grades

of paper are imported from USA, Europe, Dubai and Singapore like label stock, wet strength papers, tea bag tissue, soft tissue, filter paper, insulation kraft, extensible kraft, decorative laminates, overlay tissue, thermal papers, digital papers, coated papers/boards and some specialties. Stock lots of all grades totaling about 200,000 tonnes arrive every year mostly from USA and Europe. These are imported by traders in major metro cities of Mumbai, Chennai, Cochin, Bengaluru and Delhi.

In the long-term, “Asia will continue to be a major growth driver in the global paper industry. The Indian paper market is growing at 3x the global average and 50% more than Asian average. Demand is over encouraging and good traction is seen in the high value added segment.”

OPPORTUNITIES AND OUTLOOK

The new millennium is going to be the millennium of the knowledge, so demand for paper would go on increasing in times to come. In view of paper industry’s strategic role for the society and also for the overall industrial growth it is necessary that the paper industry performs well.

The paper industry is a priority sector for foreign collaboration and foreign equity participation upto 100%, receives automatic approval by Reserve Bank of India. Several fiscal incentives have also been provided to the paper industry, particularly to those mills which are based on non-conventional raw material. Increased capacity is expected to result in slightly reduced capacity utilisation over the short to medium term. Moreover, the new capacity additions would increase the competition among domestic paper manufacturers and prevent increase in paper prices in the medium-term.

Essentially, there is a huge potential for automation and system integrators to work collaboratively with India’s paper companies and help them acquire the competitive edge. This means paper mills in India have tremendous opportunity to improve their profit margin by increasing their investments in automation systems and enterprise solutions and integrating them to achieve collaborative production management. With the country’s economy growing robustly, the paper consumption in India is bound to expand and the existing gap is a good indicator of the industry’s growth potential.

Paper Industry in India is riding on a strong demand and on an expanding mood to meet the projected demand of 13 million tons by 2020. A large number of expansion programme and expansion of capacities with an outlay of ₹ 10,000 Crores have been announced covering the various sectors like paper, paperboard, newsprint etc.

The operating capacity of the industry stands at 9.3 million tons. As per the industry estimates, overall paper consumption has now touched 8.86 million tons and per capita consumption is pegged at 9.18 kg.

The Indian Paper industry is currently in the midst of a transformation with major Capital Expenditure (Capex) underway and improving operating efficiencies is the major concern of all players. All players are committing a large amount of investment, focusing on:-

- Improving the operational efficiencies through rightsizing pulping capacities
- Capacity Expansions
- Integration into Captive Power
- Adherence to pollution norms by chemical recovery and recycled usage
- In India demand is driven by rapid growth of both incomes and population
- India will emerge as a global hub for high-quality printing at a competitive cost

SEGMENT-WISE PERFORMANCE

As the entire operation of Company relate to products categorized under "Consumer Products" as a primary reportable segment, no separate reporting is required under Accounting Standards 17 issued by the Institute of Chartered Accountants of India.

EXPANSION

The Company has set up a 300 TPD Writing/Printing cum Copier/Kraft paper project. The Company is confident of commencing the production in the year 2011-12.

RISK, CONCERNS AND THREATS

Paper sector is dominated by small and medium size units; number of mills of capacity 50000 tons per annum or more is not more than 25. Less than half a dozen mills account for almost 90% production of newsprint in the country. There is a growing need to modernize the Indian mills, improve productivity and build new capacities.

The capacity utilization of the industry is low at 60% but this is likely to change as the general outlook for demand is positive going forward. With the expected increase in literacy rate and economic growth, an increase in the per capita consumption of paper from the current dismal level is expected. Recovered fibre consumption is going up globally. In India about 850,000-1,000,000 tons of waste paper is being currently recovered annually. The recovery rate works out to about 20% which is much lower in comparison with 65% recovery achieved by many global players. Low recovery is on account of alternate use of paper in wrapping, packing, etc. The utilization rate of recovered fibre is only 47%. Paper mills are heavily dependent on imported

waste paper which commands exorbitant price due to inadequate availability. India needs a well-defined and aggressive system for collection, sorting, grading and utilization recyclable waste paper to contain imports.

The expanding Industrial Scenario calls for efforts to tackle related problems:

- Industry needs capital and technology.
- Since energy cost accounts nearly 25 % of cost of production there is an urgency to improve energy management and energy consumption.
- Quantum jump in production, called for by the demand projection is possible only by expansion of existing capacity and creation of additional capability.
- Upgradation of technology and new capacities also involve massive investment.

Indian Paper Manufacturers Association projects that India's demand for paper is expected to double by 2020 but a perennial raw material shortage remains one of the major hurdles before the industry. The major constraint in capacity enhancement that the industry faces is related to raw material shortfall. While issues related to technology, capacity and environment come directly under the purview of Companies. Raw material shortage is a disadvantage affecting all domestic Companies. There are not many mills that have integrated wet-end systems in the overall control strategy. The paper mill is the formative stage in a paper making process and any forward control strategy results in impressive gains in terms of quality. Likewise, energy, being the significant portion of production cost, is getting less attention in terms of monitoring the overall consumption of power across various sections of the plant. Businesses will not survive with just traditional automation systems. Only integrated automation and enterprise systems will enable these industries to achieve sustainable competitive advantage.

Challenges Ahead:

- Capacity utilization in India is just 79% due to old technology India accounts for nearly 15% of the world population, but it consumes only 1% of the world paper consumption.
- Meeting the rising demand provide a major challenge to the Indian Pulp and Paper Industry because the industry will have to undergo significant modernization and expansion process in order to optimize capacity utilization. During this process small agro-based mills may not survive and will face closure.
- The Companies are facing stiff competition and price pressure from imports mainly from China and South Asian countries.
- High cost of production caused by the uncertainty in the raw material prices, inadequate availability and the uneconomical plant size also pose challenges for the paper industry.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company is having an efficient and well-established internal control system commensurate with the size and level of operations of the Company.

The key elements of internal control systems are as follows:

- Clearly defined organization structure
- Well defined authorization for conducting business.
- Management control through efficient reporting system.
- A regular review of systems and procedures.

AUDITORS' REPORT

To,

The Members of

N R AGARWAL INDUSTRIES LIMITED

- 1) We have audited the attached Balance Sheet of **N R AGARWAL INDUSTRIES LIMITED** as at March 31, 2011, the Profit and Loss Account and also the Cash Flow Statement for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
- 2) We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
- 3) As required by the Companies (Auditor's Report) Order 2003 and the Companies (Auditor's Report) Amendment Order 2004 issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Companies Act, 1956, we enclose in the Annexure, a statement on the matters specified in paragraph 4 & 5 of the said Order.
- 4) Further to our comments in the Annexure referred to above, we report that:
 - a) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, the Company has kept proper books of account as required by law so far as appears from our examination of those books;
 - c) The Balance Sheet, Profit and Loss Account and Cash Flow Statement dealt with by this report are in agreement with the books of account;
 - d) In our opinion, the Balance Sheet, Profit and Loss Account and Cash Flow Statement dealt with by this report comply with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956.
 - e) On the basis of written representations received from the directors as on March 31, 2011, and taken on record by the Board of Directors, we report that none of the Directors is disqualified as on March 31, 2011 from being appointed as a director in terms of clause (g) of sub section (1) of section 274 of the Companies Act, 1956.
 - f) In our opinion and to the best of our information and according to the explanations given and management representations made to us, the said accounts give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India;
 - i) In the case of the Balance Sheet, of the state of affairs of the company as at March 31, 2011;
 - ii) In the case of the Profit and Loss Account, of the "Profit" for the year ended on that date; and
 - iii) In the case of the Cash Flow Statement, of the "Cash Flow" for the year ended on that date.

ANNEXURE TO THE AUDITORS' REPORT

Referred to in paragraph 3 of our Report of even date

- 1) a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets except for the assets under installation.
- b) All the assets have not been physically verified by the management during the year but there is a regular program of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- c) The Company has not disposed off substantial part of its fixed assets, which affect the going concern status of the Company.
- 2) a) As explained to us, the management, at reasonable intervals during the year, has physically verified the inventories.
- b) In our opinion and according to the information & explanations given to us, the procedures of physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
- c) The Company is maintaining proper records of inventory. As explained to us, no material discrepancies have been noticed on physical verification of stocks as compared to book records.
- 3) The Company has neither granted nor taken any loans, secured or unsecured to and from companies, firms or other parties covered in the register maintained under section 301 of the Companies Act, 1956. Accordingly, the clauses 4(iii) (b) to (g) of the Order are not applicable.
- 4) In our opinion and according to the information and explanations given to us, there are adequate internal control systems commensurate with the size of the company and the nature of its business with regard to purchases of inventory, fixed assets and with regard to the sale of goods and services. During the course of our audit we have not observed any major weaknesses in internal controls.
- 5) a) In our opinion and according to the information and explanations given to us, the transactions that need to be entered into a register in pursuance of section 301 of the Act have been properly entered.
- b) All the transactions have been made at prices which are reasonable having regard to the prevailing market prices at the relevant time and the nature of services rendered by such parties.
- 6) In our opinion and according to the information and explanation given to us, the Company has complied with the provision of section 58A & 58AA or any other relevant provisions of the Act and the Companies (Acceptance of Deposits) Rules, 1975 with regards to the deposits accepted from the public. We have been informed that no Order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal.
- 7) In our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- 8) We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under section 209(1)(d) of the Companies Act, 1956. We are of the opinion that prima facie the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the said records.
- 9) a) According to the books of account and records as produced and examined by us in accordance with the generally accepted auditing practice in India, in our opinion, the Company is regular in depositing undisputed statutory dues including Provident Fund, Investor Education and Protection Fund, Employees State Insurance, Income Tax, Sales Tax, Custom Duty, Service Tax, Excise Duty, Cess and other material statutory dues as applicable with the appropriate authorities.
- b) According to the books of accounts and records as produced and examined by us in accordance with the generally accepted auditing practices in India, as at March 31, 2011, the following are the particulars of dues that have been paid under protest on account of dispute.

Name of the statute	Name of the dues	Amount (₹)	Forum where dispute is pending	Financial year to which the amount relates
Central Excise Act, 1944	Excise duty	1,643,254	Appellate Authority up to Commissioner level	2003-04 to 2009-10

- 10) The Company has no accumulated losses and has not incurred any cash losses during the financial year covered by our audit or in immediately preceding financial year.
- 11) On the basis of certificate issued by the term lending bankers, the Company has not defaulted the repayment of dues to them, during the year.
- 12) According to the information and explanations given to us, the Company has not granted any loans and advances on the basis of security by way of pledge of shares, debentures and other securities.
- 13) In our opinion, the Company is not a chit fund or a nidhi/mutual benefit fund/society. Therefore, the provisions of clause 4(xiii) of the Companies (Auditor's Report) Order, 2003 are not applicable to the company.
- 14) In our opinion, the Company is not dealing in or trading in shares, securities, debentures and other investments. Accordingly, the provisions of clause 4(xiv) of the Companies (Auditor's Report) Order, 2003 are not applicable to the Company.
- 15) In our opinion and according to the information and explanation given to us, the Company has not given any guarantee for loans taken by others from bank or financial institutions.
- 16) In our opinion, on the basis of information and explanations given to us, the term loans were applied for the purpose for which they were raised.
- 17) In our opinion and according to the information and explanations given to us, and on an overall examination of the Balance Sheet of the Company, we report that no funds raised on short-term basis have been used for long-term investment.
- 18) During the year, the Company has not made preferential allotment of shares to parties and Companies covered in the register maintained under section 301 of the Companies Act, 1956.
- 19) According to the information and explanations given to us, during the year the Company has not issued any debentures.
- 20) The Company has not raised any money through a public issue during the year.
- 21) During the course of our examination of the books & records of the Company carried out in accordance with the generally accepted accounting practices in India & according to the information & explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

SCHEDULE: Q**NOTES TO ACCOUNTS****1. SIGNIFICANT ACCOUNTING POLICIES:****(a) Accounting Convention:**

The financial statements are prepared under the historical cost convention on an accrual basis of accounting with the generally accepted accounting principles in India, Accounting Standards issued by the Institute of Chartered Accountants of India as applicable and the relevant provisions of the Companies Act, 1956.

(b) Fixed Assets:

All Fixed Assets are stated at cost, net of Cenvat/Service Tax/VAT, less accumulated depreciation. Expenditure related to and incurred during implementation of project is included under Capital Work-in-Progress and the same is capitalized by allocating to various fixed assets on completion of the project.

(c) Depreciation:

- i) Depreciation is provided on the Straight Line Method at the rates specified in Schedule XIV to the Companies Act, 1956. Depreciation on assets added/disposed off during the year is provided on pro-rata basis with reference to the date of addition/disposal. Buildings erected on land taken on a short lease (i.e. up to 10 years) are written off equally over the lease period of the land.
- ii) Intangible Assets are amortized over their useful life not exceeding three years.

(d) Investments:

Investments are stated at cost. Provision of diminution in value of long-term investment is made only if such a decline is other than temporary in the opinion of the management.

(e) Foreign Currency Transactions:

- i) Transactions denominated in foreign currencies are normally recorded at the exchange rates prevailing at the time of the transaction.
- ii) Monetary items denominated in foreign currencies at year end and not covered by forward exchange contracts are translated at year end exchange rates and those covered by forward exchange contracts are translated at the rate ruling at the date of transaction as increased or decreased by the proportionate difference between the forward rate and exchange rate on the date of transaction, such difference having been recognized over the life of the contract.
- iii) Any income or expenses on account of exchange difference on translation is recognized in the profit and loss account except in cases where they relate to acquisition of fixed assets in which case they are adjusted to the carrying cost of such assets.

(f) Inventories:

- i) Inventories are valued at the lower of cost, computed on moving average basis and estimated net realizable value, after providing due allowance for defective and obsolete items, wherever necessary, based on the past experience of the Company.
- ii) Goods in transit are stated at cost.
- iii) Finished goods and work-in-progress include costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

(g) Inter-Unit Transfers:

Inter-unit transfer of goods, as independent marketable products produced by separate units for captive consumption, is transferred at approximate prevailing market price. The same is shown as a contra item to reflect the true working of the respective units in the Profit and Loss Account. Any unrealized profit on unsold stocks is eliminated while valuing the inventories. The value of such inter-unit transfer is netted off from sales and operational expenses under manufacturing and other expenses (packing materials).

(h) Employee Benefits:

- i) Short-term employee benefits are recognized as an expense at the undiscounted amount in the Profit and Loss Account of the year in which the related service is rendered.

- ii) The eligible employees of the Company are entitled to receive benefits under the Provident fund, a defined contribution plan in which both the employee and the Company make monthly contributions at a specified percentage of the covered employee's salary (currently 12% of employee's salary). The contributions as specified under the law are paid to the Regional Provident Fund Commissioner and the Central Provident Fund under the Pension Scheme. The Company recognizes such contributions as expenses of the year in which the liability is incurred.
- iii) The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service. Vesting occurs upon completion of five years of service. The plan is managed by a trust and the fund is invested with Life Insurance Corporation of India under its Group Gratuity Scheme. The Company makes annual contributions to gratuity fund and the Company recognizes the liability for gratuity benefits payable in future based on an independent actuarial valuation.
- iv) The Company provides for the encashment of leave or leave with pay subject to certain rules. The employees are entitled to accumulate leave for availment as well as encashment subject to the rules. As per the regular past practice followed by the employees, it is not expected that the entire accumulated leave shall be encashed or availed by the employees during the next twelve months and accordingly the benefit is treated as long defined benefit. The liability is provided for based on the number of days of unutilized leave at the Balance Sheet date on the basis of an independent actuarial valuation.

(i) Borrowing Cost:

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. All other borrowing costs are charged to revenue.

(j) Treatment of expenditure during construction period:

Expenditure during construction period is included under Capital Work-in-Progress and the same is allocated to respective Fixed Assets on the completion of its construction.

(k) Revenue Recognition:

Sale of goods is recognized at the point of dispatch of finished goods to customers. Sales include amounts recovered towards Excise Duty but are net of Sales Tax.

(l) Taxes on Income:

Provision for current Income Tax is made on the basis of estimated taxable income for the year, in accordance with the Income Tax Act, 1961.

Deferred Tax resulting from timing differences between book and tax profits is accounted for under the liability method at the current rate of tax, to the extent that the timing differences are expected to crystallize. The deferred tax asset is recognized and carried forward only to the extent that there is a reasonable certainty that the assets will be adjusted in future.

(m) Cenvat Credit:

Excise Cenvat credit in respect of capital assets is adjusted against excise duty liability arising subsequent to such credit.

(n) Contingent Liabilities:

Contingent Liabilities are not provided for in the accounts but are disclosed separately.

(o) Preliminary Expenses:

Preliminary Expenses are written off over a period of five years.

2. CONTINGENT LIABILITIES:

- (a) Guarantees and counter guarantees given by the Company on behalf of group companies ₹ NIL lacs (Previous year ₹ NIL).
- (b) During the year commissioner of Central Excise raised demand of ₹ 1,643,254/- towards excise duty and interest thereon. The Company has paid the demand and preferred an appeal with CESTAT. (Previous Year ₹ 1,705,071).
- (c) Claims against the Company not acknowledged as debts – ₹ 359,512/- (Previous year – ₹ 333,807/-).
- (d) Letter of Credit outstanding ₹ 1,824.87 lacs (Previous year ₹ 2,962.11 lacs).
